

## Events Information and prices

Our Events Manager, based in Cardiff has managed, organised and personally facilitated major events worldwide on behalf of the Welsh Assembly & Welsh Arts Council and he has recently moved into the private sector to offer his expertise and contact base to all who can benefit from it.

Our events photography can be offered in a reportage style to cover the event from a publication or corporate viewpoint including bespoke portraits of event members and attendees, or alternatively we can cover the event from an attendee / competitor view point more suitable for sporting events.

On this basis we offer two means of booking and billing to cover these two alternative coverage styles. See below for details or contact us for a custom quote if you need something a little different.
